

School Elections On Saturday, April 10

Elections of members of the Board of Education of schools will be held Saturday, April 10.

Polls will be open at the various schools from noon until 7 p.m.

Antioch Community High School will have polling places in three precincts—Precinct 1, voting at the High School; Precinct 2, at the Lake Villa Grade School; and Precinct 3 at the B. J. Hooper School. Lindenhurst and Millburn residents vote at the B. J. Hooper School.

Two candidates are competing for the one-year term at the High School—Paul Zelen, Jr., and John M. Blackman. There are four candidates for the 3-year terms, with three to be elected. Candidates for the 3-year terms are Robert M. Lindblad, Helen H. Konriva, Albert A. Bucar and Victor J. Schaeffer.

There are nine candidates on the ballot at the Antioch Grade School, with three board members to be elected. Candidates are Richard Eckert, Ronald Polson, Miss Mildred LaPlant, Mrs. Gloria Patrovsky, Dr. Fred Bobzien, William Strahan, Peter Paulos, Richard Harland and Phyllis Erickson.

Grass Lake School is electing three board members and has four candidates for the seats—Earl Beece, Lawrence Yopp, Thomas Steiskal and Gary Vaughan.

Emmons School has a three man board of directors, so candidates do not file petitions. A caucus will be held noon Saturday at which candidates will be nominated. Polls will be open from noon to 7 p.m.

Oakwood Knolls Candidates Want Voice In Village Gov't.

Warren Heintz, 211 Maplewood, Oakwood Knolls, Antioch, is a candidate for the office of Mayor on the Independent slate.

The Independent slate has no candidate for clerk. The three candidates for the village trustee posts are Eugene Lusiak, Henry Sreh and Alex Bazar.

Heintz is 44 years old, and a cost accountant at Johns-Manville Corp. in Waukegan. He lives with his sister and her family.

He has lived in Antioch eight years, four of them in Oakwood Knolls. He was born in Nebraska, and attended Marmon Military Academy in Aurora. He came to this area to live because he liked it, he says, and liked Antioch.

He served in the Merchant Marines from 1941 through 1944 as a junior engineer.

He was president of the Oakwood Knolls Property Assoc. for two years and is now on the board of directors. The beaches, parks and boat basin of Oakwood Knolls are dedicated to the Property Owners Assoc., and can not be taken over by the village, Mr. Heintz said. The maintenance of these properties is the main reason for the continuation of the Property Assoc.

Heintz said that he is running for the office of Mayor because he feels that the interests of Oakwood Knolls are being ignored by the board. Oakwood Knolls, he says, should have some voice in the village government.

Heintz is not enthusiastic about the plan to establish a parking lot on the west side of Main St., though he feels he would have to investigate the matter more thoroughly before definitely making up his mind. Rather than tear down existing businesses, he feels, it would like to see the parking lot behind the east side stores completed.

If elected Mayor, he says, he would conduct a complete investigation into charges for water and sewer service in the hope of lowering them.

He would like to see more diversified industry attracted

WARREN HEINTZ, candidate for Mayor on the Independent slate.

to Antioch, industry that would hire local help. This aim, he says, would be one of his most active interests.

Heintz feels that the village government is lax in the matter of enforcing building codes, and in not watching land contracts prohibiting subdivisions. Oakwood Knolls, he pointed out, has land contrasts prohibiting two family dwellings, but some are being built.

Henry Sreh, 418 Maplewood Drive, Oakwood Knolls, is running for village trustee. He has lived in the Antioch area 14 years. He and his wife have a son, Richard, and a daughter, Nancy Carol.

Mr. Sreh is maintenance mechanic at Pansteel. He has held no elective offices. He belongs to the Holy Name

Society.

As a candidate for the board, he'd like to see more industry and more jobs in Antioch, a better life and lower taxes. He feels the people of the town should be interested in local affairs and see what goes on in their village.

Alex Bazar lives at 334 Cedarwood, Oakwood Knolls, with his wife, Frances and three children—Ellen, 14, Ronald, 11, and Darlene, 9. All of the children attend St. Peter's School.

Mr. Bazar is 42 years of age and is a tinsmith at American Motors. He's lived in Antioch area 11 years. He formerly belonged to the VFW, but says there is no chapter of the organization in

ANTIOCH, ILLINOIS, THURSDAY, APRIL 8, 1965

VOL. LXXIX, NUMBER 41

Lions Bridge Match Finals Friday Night

The big match everyone's been waiting for, the finals in the Lions Club Bridge Match, will be played Friday night, April 9, starting at 8 p.m. at Paty's Lounge.

The finals of both the winning and consolation rounds will be played Friday night. Mr. and Mrs. Elmer Eberman will be pitted against Mrs. William Brook and Mrs. Lloyd Murrie for the title of Champion Bridge Player. Dr. and Mrs. Alan Thain will play Mrs. Tony Stanich and Mrs. Roman Voe to determine the champions of the consolation round.

By popular request, the finals are being played publicly, with everyone interested invited to attend. Interest in the matches has run high, throughout the several elimination rounds.

Trophies will be presented to the winners of first and second place in the match, and to the winners of the consolation round. The trophies will be presented at a Lions Club dinner.

Westlund Represents Antioch Industries

Ernest Westlund, captain of the Antioch Rescue Squad, will represent Antioch industries at the Red Cross Industrial First Aid training classes which started today (Thursday) in Waukegan.

"I intended to attend the training program anyway, for my own benefit," Ernie said. "And decided to ask the industries in town if they would like me to represent them at this course. The squad takes care of their emergency cases, anyway."

"They were all pleased at the suggestion," Ernie said. "All of the industries agreed to the plan."

Ernie will also represent the Rescue Squad, and will pass the information he gets on to the other members of the squad.

The classes will run through five Thursdays, from 9 a.m. to 5 p.m., at the Bertrand Bowling Lanes in Waukegan. Purpose of the intensive program is to train one or more representatives from each Lake County industry, so that they in turn can train their fellow employees. This is the first time such a course has been offered to Lake County industries.

Drivers License Bureau In Waukegan Re-opens

Waukegan's drivers license bureau opened last Thursday in its new, temporary location in the new armory at 1600 Glen Flora Ave.

The bureau was moved to Libertyville 20 months ago, then returned to Waukegan last week. A new building to house the bureau is scheduled to be constructed on the northeast corner of Clayton and County streets in Waukegan.

Building And Police Matters Occupy Board

Oftedahl Wins At Science Fair

Glen Oftedahl, Antioch, was the winner of first place at the North Suburban District Science Fair held last Saturday (April 3) at Lake Forest.

Glen's win over the 340 projects displayed at Lake Forest wins him the opportunity to display his project at the State Science Fair at the University of Illinois on May 7 and 8. The affair is sponsored by the Illinois Junior Academy of Science.

Twenty projects from the Lake Villa-Antioch area were entered in the Lake Forest Fair. Glen's project was "An Experimental Van de Graff Accelerator".

Winners from this area of second places included Roger Bocox, Lake Villa; Darlene Borecky, Chris Romani, Lake Villa; Paul Fager, Lake Villa; Carol Harceg, Lake Villa; John Reimer, Lake Villa; Steven Schneisser, Lake Villa; Karen Walker, Lake Villa; Irene Doyle, Antioch; Noreen Krewer, Prince of Peace; Susan Maar, Jacqueline Persha, Prince of Peace; Nina Puskin, Kathy Guida, Prince of Peace.

Third place winners: Rodney Boswell, Joe Fosco,

GLEN OFTEDAHL, Antioch High School, took first place at the Science Fair at Lake Forest last week.

Lake Villa; Ronald Kuhlman, Jeff Cox, Lake Villa; Brian Wells, Tom Nickerson, Lake Villa; Susan Lazansky, Lake Villa; Russell Barthel, Antioch; Donald Sherwood, Antioch; Deborah Circulo, Laura Seisser, Prince of Peace; Hugh Williams, Mitchell Schwanbeck, Prince of Peace.

Chamber Plans Main St. Post Area On Corner

Members of the Chamber of Commerce heard Masaji Okubo, student at Antioch High School under the auspices of the American Field Service, tell of the benefits of the program at their luncheon meeting at Harold's Restaurant last Monday. Business of the Chamber was discussed before Masaji was introduced.

A letter from the American Medical Association was read informing the Chamber that it was not only ethical, but desirable, for doctors and professional men to belong to the Chamber.

Ted Costoff, chairman of the membership committee, announced that new Chamber members are Hahn's Jewelry Store, Harold's Restaurant, The Shoe Box and Weasel's Lounge. He urged all members to try to bring one guest representing a non-member to each Chamber meeting. The owner of the Suzuki Cycle Shop, a new business on Main St., was introduced as a guest.

Richard Miller, President, announced that the corner of Lake and Main Sts. has been leased by the Chamber, and will be improved for use as a "rest area" for shoppers through the summer. Shrubs and plants will be placed to

beautify the area, benches installed, and the building kept open and occupied by George Camplausen, executive secretary of the Chamber. The Jaycees will continue to operate their information booth in the building, also.

Masaji described the formation of the American Field Service and its early activities. Students sent to the United States, he told the members, were of college age, with strongly formed opinions of the U. S., and critical of American ways. They were unable to adapt

Open New Business On Main Street

U. S. Suzuki Motor Corporation has announced that its area representative will be located in Antioch. Early this month North Central Suzuki, Inc., will begin selling and renting the parent company's motorcycles, at 887 Main Street.

Pete Wenzel, and Rog and Dave Debenham, the owners and operators feel that the growing national interest in two wheel transportation will tend to a high volume of business in this highly recreational area.

Heick Asks For Measures To Stop Repeat Offenders

Tuesday night's meeting of the village board was held with only four board members in attendance, and without Mayor Cunningham. Ernest Glenn has not returned yet from Arizona, and the Mayor and Einar Petersen were reportedly at a "Mayor Cunningham" Day political rally.

Ray Toft was chosen chairman pro tem, in the absence of the Mayor, and conducted the meeting.

Ellis Story, building commissioner, presented plans to the board of the new State Bank of Antioch building at Spafford and Lake, with a request for a building permit.

The new bank building will be 84' by 67', and occupy 5,268 square feet. It will have two drive-in windows on the south, and provide parking space for 60 cars.

Architects of the new bank were Bettenburg, Townsend, Sloite and Comb of St. Paul; the general contractor for the construction is Roy Nordstrom of Fox Lake.

Entrance to the State Bank driveway will be from Spafford St., with a drive that traverses the south side of the building and leads to the parking area on the east side. Exit from the lot will be to Lake St. Cost of the building is set at \$202,056.00. Story recommended that the plans be approved and the board approved the permit.

Edgar Simonsen reported

that there was a problem with water drainage on Ida Ave. near the Soo Line tracks, where two culverts had apparently been crushed by the train wreck. The culverts are closed and will have to be repaired, he reported.

He was instructed by Toft to contact the Soo Line agent, and report the matter. The culverts are on railroad property.

A similar problem on Route 21, caused by work done at the new apartment building there, was also discussed, but no action taken.

Edgar Simonsen reported that storm sewers at the shopping plaza were not operating properly. Water and sewer lines, he also reported, were laid near each other, contrary to state law. He asked that the village building and plumbing inspector be instructed to contact plaza officials and have the condition remedied.

Ellis Story, building inspector, declared this was not his province. In the discussion that followed, it was brought out that Applied Engineers, village engineers, had handled the job. Ray Toft instructed that Frank Angelotti, village engineer, be contacted about the matter, and that Story accompany him on an inspection tour.

Sergeant Jack Heick presented the police report. He reported that law enforcement

(Continued on page 7)

Incumbents Win Re-Election in Township Race

Despite the fact that it was the first rainy day of this spring, the Tuesday voting in the Antioch Township elections was the lightest in years.

Clerk Llewellyn Van Patten, who was an easy victor in the contest, reported a total vote of 1179 ballots cast. This compared to 3300 votes two years ago, when a supervisor and a road commissioner were also elected, and to 1700 votes cast four years ago, in a similar election.

All of the incumbents were re-elected to the township posts. These include Van Patten for clerk; G. Dudley Kennedy for assessor; John P. Miller, Irving W. Carey, and Harold W. Wilson for auditors, and Geraldine C. Olson and O. R. Kresse for library trustees.

Votes cast in the six precincts given in order, from precinct 1 through 6:

Llewellyn Van Patten, 252, 147, 21, 141, 108, 100—total 773.

G. Dudley Kennedy, 254, 150, 13, 141, 112, 106, total 781.

John P. Miller, 247, 147, 18, 136, 111, 105, total 764. Irving W. Carey, 244, 152, 19, 136, 106, 98, total 755.

Harold W. Wilson, 242, 143, 17, 137, 112, 102, total 753.

Geraldine C. Olson, 293, 180, 32, 166, 139, 137, total 947.

O. R. Kresse, 276, 173, 29, 156, 132, 124, total 890.

Lower Tax Party: Elsie M. Turner, 76, 81, 21, 55, 68, 47, total 343.

Robert W. Hannan, 75, 69, 23, 44, 63, 44, total 298.

Sophie Radakovic, 70, 67, 21, 49, 64, 45, total 316.

Ellen P. Reekie, 75, 62, 21, 49, 59, 39, total 305.

John W. Doyle, 75, 77, 20, 53, 57, 42, total 325.

"WHO APPOINTED ME EASTER BUNNY?" sighs Ray Jensen, chairman of the Easter Egg Hunt which starts in Antioch today, as he gazes at the mountain of eggs to be delivered to Antioch merchants so that they can give them away to customers.

Pick An Egg-Win A Prize

It begins to look as though even the weatherman will cooperate to make the Easter Egg Hunts sponsored by both the Chamber of Commerce and the Jaycees a success.

Ray Jensen, chairman of the merchants' Easter Egg Hunt which is being held today (Thursday) Friday and Saturday, has been delivering plastic baskets of the eggs to all the 28 merchants taking part in the promotion.

Anyone who enters the stores in Antioch on the Egg Hunt Days can select a plastic egg from the basket. Some of the eggs contain slips entitling the holder to a prize from the merchant. The prizes are as varied and appealing as the eggs, from money at the financial insti-

tutions to stuffed bunnies and hundreds of other prizes. More than \$1,000 worth of prizes will be given away in the three days.

The Jaycees are keeping their fingers crossed that the spring weather will hold for their Easter Egg Hunt at the Antioch Grade School on Sunday, April 11.

All youngsters two to eight years old are invited to join the Hunt, starting at 2 p.m. Sunday. Every youngster will get something—some of the eggs will contain candy, some slips of paper designating the prize it represents. There will be at least one large prize and many small ones.

Ed Ring is chairman of the Jaycee Easter Egg Hunt.

MEET THE CANDIDATES. RAY TOFT, now a member of the Village Board, is running for the office of Mayor of Antioch. Ray is one of four candidates for the position. He's also owner of Ray's Shell station on Lake and Broadway.

EDITORIAL

Taxing The Necessities

Governor Kerner's proposal for a 3c hike in the gasoline tax has raised a storm of protest. The Illinois Oil Council and the Chicago Motor Club are two of the most vociferous protesters.

The governor proposes that two-thirds of the additional tax shall go for general expenses, rather than to care for the highways.

The Illinois Oil Council says, "If the General Assembly were to follow this recommendation Illinois would have the highest gasoline tax in the nation."

The proposed 3c hike would raise Illinois' gas tax to 8c per gallon. At present, the only states having a comparable tax would be Alaska, with 8c, and Hawaii, with 8 1/2 - 11c.

Both the Oil Council and the Motor Club point out that a car is not a luxury, like cigarettes or liquor, but a necessity. The raise in the gas tax would mean that a man who must drive 10 miles to work is paying twice as much tax for support of the schools as the man who only has to drive five miles. In short, a taxpayer would pay, not in proportion to his means, or the value of his property, but in proportion to his need to use the highway.

So far, there has been no loud outcry about his other proposals for tax hikes. These include an additional 4c a pack on cigarettes, raising the public utilities tax from 3 to 4 1/2, and boosting the state's share of race track betting to yield \$10 million more from 1965-1967.

The tobacco industry has protested the cigarette tax hike, pointing out that if the proposed 4c on a pack of cigarettes is passed, the consumer will be paying 21.1c per package of tax. This includes 8c Federal tax, 8c state tax, 3c city, 1/2c recreational development and 1.6c sales tax.

Cigarette smokers, however, the people who will pay the tax, seem quite unmoved by the prospect. Not so the gas users. Taxing gas is, in truth, somewhat like taxing food. Gas is a necessity to most working men, a fundamental expense in their budget. Although the tax is paid throughout the year, the total yearly tax will probably cost many families more than a state income tax.

Politically, the governor's proposals are probably the most painless method of raising the needed funds—people who will be angry for a few weeks because of the increased cost of gas will forget the whole matter before another election rolls around.

Your Congressmen Reports

By Cong. Robert McClell

The direction in which our national government is revealed distinctly in H. R. 2362, the \$15-billion federal aid to education bill. The concept of fifty sovereign states, each in full control of their respective educational systems and other state prerogatives, is fast becoming a mere fiction having only academic or historic interest.

Federal aid to education, limited previously to school lunches, surplus milk and other noneducational aspects, will hereafter affect academic programs in every county in the nation—if H. R. 2362 is ultimately enacted.

In addition to the universal pre-school program which the new procedure will provide, Federal aid will reach grammar schools and high schools in all of the 3,130 counties of the fifty states. Federal aid, under this proposal, is not based upon any deficiency in educational standards. Instead, the distribution of Federal funds is to be determined by the number of families in each school district having \$2,000 or less of annual income, according to the 1960 census. The fallacy of this excuse for a new Federal aid to education program in our elementary and high schools is demonstrated by the following:

The ten poorest counties, with 32,452 children eligible for assistance, would receive \$4,507,149, whereas the ten wealthiest counties in the nation, in which there are 32,563 children, would receive \$8,918,087. For instance, DuPage County—the fourth wealthiest county in the nation—would receive more than \$433,000 of Federal funds.

Our 12th Congressional District is scheduled to receive Federal school aid as follows: Boone County, \$93,166; McHenry County, \$258,660; and Lake County, \$518,518.

The vitality of locally supported and locally controlled public education has never been demonstrated more successfully than during the years following the big push for "federal aid" which began in the postwar period.

In 1961, the late President Kennedy estimated that the Nation would need to build 600,000 classrooms during the ensuing 10 year period, or \$60,000 per year. In the past 5 years, we have averaged 70,000 each year—without Federal aid—and there is no sign of a decline in this rate. These are some of the remarkable facts of our great progress in education—

according to such official sources as the U. S. Office of Education and the National Education Association publications.

The United States Senate is expected to pass the huge Federal Aid to Education bill which cleared the U. S. House of Representatives recently. This new Federal aid program—if enacted—will funnel more than \$15 billion of Federal funds directly to our local schools on the basis of a nationwide formula—and without any control by the State Superintendent of Public Instruction or the county school authorities.

While the bill aims to afford equitable treatment to students attending private and parochial schools, there are problems of scheduling, providing transportation and other difficulties (which are necessarily omitted from the legislation). It appears that the bill provides very little to the students whose parents are now paying tuition in addition to school taxes.

The Federal Aid bill purports to expand the long-standing program of aid to so-called Federally impacted areas. Heretofore, the basis for Federal aid to impacted areas has been the presence of Federal installations within a school district, casting a heavy financial burden on the local community without contributing to general tax revenues. Indeed, many schools in our 12th Congressional District have benefited from these provisions, particularly by reason of the impact of Great Lakes Naval Training Center and Fort Sheridan with the thousands of parents who reside on or are employed at one or the other of these Federal establishments and whose children attend the public schools.

However, the basis for the new Federal aid program is the income of the residents of a school district and bears little or no relation to the wealth of the district. The presence of industrial and other tax-contributing properties in the district or other items which might affect the real need for assistance from the Federal government receive no consideration.

Those familiar with the formula by which state aid is provided to our primary and secondary schools will recognize at once that the state formula is far more equitable. Indeed, under H. R. 2362, the Federal aid system appears to aggravate existing inequities.

Other provisions of the bill, including the right to establish "supplementary educational centers under the direct and exclusive control of the Federal government," represent a distinct departure from the cooperative programs which have existed heretofore between local, state and Federal educational agencies.

As with other legislation being considered at this session, various Republican leaders have offered alternative proposals. In the case of aid to primary and secondary schools, the principal Republican emphasis is on local control. This would be achieved through a Republican proposal for granting tax credits to the extent of local school taxes up to \$100. In addition, the measure would authorize a Federal income tax credit for individuals who assume the cost of tuition and other expenses of a college education. This legislative proposal has had strong bipartisan support for many years and represents an equitable method of meeting expenses of a college education—particularly among the low and middle income groups. This method is far preferable to new or additional Federal grants or scholarships with the attendant Federal bureaucracy, red tape and overhead.

In demonstrating that the Republican alternative proposal is not without a heart for the underprivileged and educationally deprived children, it also includes a Federally supported program for youngsters from three through seven years of age, together with a \$300-million grant to the states for this purpose.

The policy of local and state support and control of our public schools which was substantially followed for 200 years appears at last to have been abandoned in the new Elementary and Secondary Education Act of 1965. It is probably wise to conclude that the die has been cast. Certainly a reduction of the Federal role as provided in

ALONG THE WAY with Annie Mae

Now that Ol' Sol and his accompanying temperatures have taken away the residue of a miserable winter, have you taken a look around at the ravages of the snow and ice? (Besides the highways, that is). Looks like we'll all have to roll up our sleeves and get right down to earth this Spring to put things back in bloom in shape.

THE LATEST REPORT: Bob Lukeman is sporting a brand spanking new 1st Lieutenant's bars . . . due to delayed mail, I was unable to thank an anonymous Irish Lass last week for paying me a very nice compliment by putting yours truly in a category with the "big city" columnists . . . ask, ask, such flattery! . . . nope, it wasn't a raid on our fair village, those were just the new Sheriff's Dept. autos about to be delivered by the Stringer Motor Co. . . . and the surest sign of Spring I know! Howard Shepard's car had a bath!

NOTES TO YOU: Lovely Bobbie Thayer (who really doesn't need it at all) is telling everyone at Quaker Ind. that the Mayo Clinic diet is liable to blow up right in your face. (Especially if you heat the eggs!) . . . one of the Dodge Palaces to recently purchased a federal gaming stamp has the busiest afternoons of late. Humm! and it's a little lady cherub who made her appearance in the Doc Warner home last week.

THE LAST DROP: The Father and Son basketball game at St. Peter's gym last Sunday was our idea of entertainment ultra. Marilyn Stierbenz, Marge Gaa, and "Mike" Gross (Irene to you who don't know her as well as I do) and another unknown (to us) beauty were the best "dyed in the wool" cheerleaders we've seen in a long time. Doc Abderhalden and Weasel were indeed the long and the short of the Papa team. . . . "The man

this new legislation would be most difficult to accomplish in the future. It is far more likely that the Federal role in local education will be greatly expanded in years to come.

The Eiffel Tower is 985 feet high.

Change Rules on Waivers of Vets Insurance Premiums

Mr. Edward B. Akin, Administrator of the Illinois Veterans' Commission, stated today that as of January 1, 1965 some veterans of World War II and the Korean Conflict will be entitled to waiver of premiums on their National Service Life Insurance if they become totally disabled prior to their 65th birthday. Previously this waiver privilege terminated on their 60th birthday.

THE ANTIOCH NEWS 2 THURSDAY, APRIL 8, 1965

Premium payments must be continued until the Veterans Administration has approved the waiver and the individual is notified, Mr. Akin stated.

United States Government Life Insurance already includes a valuable disability without age limit.

You may contact H. D. Blackwell, Service Officer of the Illinois Veterans' Commission at 108 S. Genesee Street in Waukegan. The office is open Monday through Friday between the hours of 8:30 a.m. and 5:00 p.m.

By Pearl Kapell

Have you noticed that the Mayor, who is usually about as social as a bear with a sore paw, has been showing up all over the place recently. Wonder if the coming elections have anything to do with it?

A word of praise should be voiced for a young man who seems to be doing a really fine job—Sergeant Jack Heick.

Heick obviously keeps up with measures being taken by other police departments in trying to meet the particular police problems of our times. He tries to institute methods that appear workable in alleviating the problems. Instead of sitting back and taking the attitude that "boys will be boys" and nothing can be done about it.

He's instituted a well-organized and comprehensive system of presenting a complete typed report of all police matters in the village to the village board, including the disposition of previous cases. Appended to this report now are reports from the Superintendent of Public Works, the Fire Dept., and the Water and Sewage department. Village board members thus have a monthly record of the activities of nearly every department in the village.

The Eiffel Tower is 985 feet high.

Courthouse Notebook

BY LOU DURKIN

Re-organization of the Lake County Board of Supervisors is the next big item of political business locally, but since this is being written before the township election returns are all in the extent of the re-organization is difficult to anticipate.

Barring a complete reversal of form, however, the makeup of the new county board should not be radically changed and the possibility of extensive realignment among the board members is consequently remote.

Benton Supervisor Kenneth Henke will probably be elected to a second term as Chairman of the County Board, but he will probably make some major changes in committee assignment.

Henke's second term should see actual activity on the part of the Public Works Department and some advances made in finding solutions to the water supply and sewage disposal problems of substantial portions of the county.

A major headache facing the board in the months ahead is the problem of undoing the damage to county roads created by the thaw and freezing weather of the past winter.

There is even a possibility, although a remote one, that this year will see the presentation of another version of the new county zoning ordinance.

Work has started on the new county building again despite threats of an appeal to the U. S. Supreme Court on litigation aimed at halting the project.

The Lake County Building Commission, which is charged with constructing the new facility, could do a major job of public relations on the project by enlisting the support of a qualified board of building experts to keep tabs on the project.

There must be many men from the world of finance, construction, design and engineering who would be available to make periodic surveys and inspections to insure that the people of Lake County are getting a good building for a very good price.

Such a board could reassure the taxpayers that the costly building will not be a white elephant or a county-size boondoggle.

Now that the political season is drawing to a close at least temporarily, thoughts naturally start turning to the outdoors, baseball, golf, fishing and boating.

It is also the season when all baseball fans become experts and offer their predictions on the outcome of the major league pennant races to a completely unimpressed public.

This virus is particularly virulent among former sportswriters who see in the

opening of baseball season a chance to dust off the crystal ball and inflict their choices on the masses.

We can offer the following credentials to support our prophecies: We once tabbed Luis Aparicio as an exciting ballplayer who, unfortunately, would only last two or three seasons, because he was too small to survive the action at second base. We once opined that the best thing that could happen to the Boston Red Sox was the retirement of Ted Williams. And we predicted a star-studded career in the majors for Billy Consolo. Billy Consolo?

On the plus side there was 1959 when we picked the Chicago White Sox and the Los Angeles Dodgers to win their respective league races and in fact picked the order of finish in both leagues for the first five teams.

The pick in the American League still stands, the White Sox to win it all in the American League followed by Cleveland, New York, Baltimore and the also-rans.

The temptation is strong to go with tradition in the National League and say the champs can't repeat, but the St. Louis Cardinals rate the pick because of their balance.

The Dodgers, without Leo Durocher second - guessing Walter Alston, will finish in the runner-up slot followed by Cincinnati and Philadelphia.

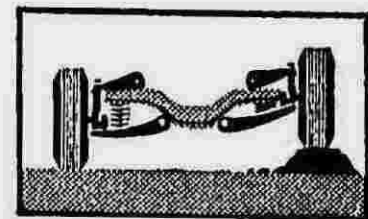

Chevrolet

workpower

"walks" right over bumps and trouble

Independent front suspension takes the "truck" out of truck ride. It smooths rough roads, protects truck, driver and cargo from excessive jolting. And on Chevrolet pickups it's a proved system with millions of miles of user experience behind it. Try it out on one of Chevrolet's great Fleetside or Stepside pickups. It's one of the big reasons that Chevrolet is first choice with pickup users from coast to coast.

Millburn News

By Mrs. Frank Edwards
Editor 65795

Palm Sunday service at Millburn Church Sunday, April 11 at 10 a.m.

Maundy Thursday Communion services, Thursday April 15, at 7:30 p.m. New members will be received at this service.

Sunrise services at 5:30 a.m. Easter Sunday morning. Breakfast at 8:00 a.m. You must have reservations for the breakfast.

Regular Easter services will be held at 9:30 and 11 a.m. There will be no Sunday School on Easter morning.

A large crowd enjoyed the pictures of the recent trip to Hawaii of Rev. and Mrs. J. H. Messersmith and Mr. and Mrs. Raymond Jensen at the church Sunday evening.

Mrs. Frank Hauser called at the home of Mr. and Mrs. Arthur Hauser of Kenosha Sunday afternoon.

Mrs. Elsa Lotz of Chicago is visiting at the homes of Mrs. George Butler and Mrs. Herbert Messner.

Mr. and Mrs. John Clark of Waukegan called at the home of Mrs. Harley Clark Sunday evening.

Charles Paulsen returned to Knox College at Galesburg after a week's vacation with his parents, Mr. and Mrs. William Paulsen.

The Millburn Social Club will meet at the church Tuesday evening, April 20.

Baseball News

The annual Pancake Breakfast sponsored by the Lake Villa Township Baseball Association was well attended last Sunday. Over 200 boys registered for Little League and Pony League.

Tryouts will be held Saturday, April 10, at 10 a.m. for Little Leaguers. Babe Ruth tryouts are slated for Sunday, April 11 at 1 p.m.

St. Mark Lutheran Church

The Easter Schedule: Communion Service on Holy Thursday and Good Friday at 7:30 p.m. There will not be Lenten services on Wednesday.

Easter Sunday: 6 a.m., Sunrise Service. Easter Breakfast at the church for those who make reservations. The A.L.C.W. will serve the breakfast. Those planning to attend should sign the list at Church next Sunday, or let the pastor know.

All Sunday School Departments will attend the Easter Worship Program at 9:10 a.m. The Festive Easter Worship for members of the congregation will be at 10:30 a.m.

The Melvin Karau family of Venetian Village will be moving to Columbus, Ohio, this weekend. Mr. Karau is being transferred by Abbott Laboratory.

Mr. Karau was Dept. Superintendent of the Sunday School and Mrs. Karau Junior Choir teacher.

Prince of Peace Church

Starting Sunday, April 11, Prince of Peace Church will have a change in time of Mass hours. The first Mass will be at 8 a.m.; second at 9:15 a.m.; third 10:30 a.m. and the last at 12:00 noon.

Week day Mass will remain at 7:00 a.m. and 8:00 a.m. on Saturday.

The Altar and Rosary Sodality reports that the Parish Library is ready. Everyone in the parish is welcome to use it. There is no charge or fee of any kind. It will be open at all times to serve the people better. The case is located near the pamphlet rack in the rear of the church.

Attend Wedding

Mrs. Harold Nelson and her daughter Sonja attended the wedding of Mrs. Nelson's niece in Badger, Iowa, near Fort Dodge, two weeks ago. The bride wore Mrs. Nelson's formal wedding dress that she wore 22 years ago when she married Pastor Nelson.

Paul and Solveig Nelson returned to St. Olaf College in Northfield, Minn., Monday. They were home for a week between quarters.

Anniversaries
Anniversary greetings to Al and Minnie Hart on their 22nd year together on April

3. Also to Bill and Helen Guzski who celebrated 17 years that same day. Edna and Gene Johnson, 33 years, April 6. The John Schwabals 20 years on the 7th; Bob and Barbara Hendrickson, 12 years on the 11th. Just one year for Roy and Geraldine Taylor on the 11th, also. Eighteen years for George and Evelyn Gilliland on the 12th. Twelve years for Pat and Bob Schartz on the 11th. Seven years for Ron and Kay Neumann on the 12th. Congratulations to all of you folks that I don't have a record of.

Birthdays
Happy birthday wishes go to Donna Lee Schwanke, Edna Johnson, Kathil and Patti Sullivan, Billy West, Denise Golden, Debra Jean Neumann, Marie Okon, Lisa Hazel and Glenn Lazarsky. Antioch High School on TV. Three students from Antioch High School are scheduled to be on "It's Academic" Saturday evening at 8 p.m. on Channel 5. Ed Brenner announced it.

Women's Club Meeting
Masaji Okubo, Foreign Exchange student attending Antioch High School and son of Rev. and Mrs. Harold Nelson the past seven months, will be the guest speaker of the Lindenhurst Women's Club meeting, Thursday, April 8, at 8 p.m.

Members are asked to bring staples for a basket to be given to a needy family for Easter.

Garden Club
Installation Dinner
Fourteen members and one guest, Mrs. Ann Kosowski, attended the Lindenhurst Garden Club installation dinner last Thursday evening at the Parkway Restaurant in Waukegan. Serving a second term are

Mrs. Marge Fabry, president; Mrs. Mary Shore, vice president; Mrs. Roberta Hazel, corresponding secretary; Mrs. Mary Lohrillo, recording secretary; and Mrs. Bernice Frontzak, treasurer. Mrs. Joan Bourque was the installing officer.

Besides the officers to receive corsages, Mrs. Zelma Bechtel and Mrs. Mary Lohrillo, past presidents, and Mrs. Kosowski were recognized and given flowers.

Home From College

Cheryl Rychie was home from college for ten days during their quarter break at Southern Illinois at Carbonate. She is in her second year. She and several of her classmates attended Mt. Mary last year, but several have transferred to other colleges this term. She visited with friends in Chicago and Barrington while home.

Cub Scout Pack 84

The four new Cubs are Jeff Flint, Dan Huntington, Frank Lohrillo and Ray Tiedeman.

The Pack has two new den mothers. Mrs. Helen Jordan, Den 2, and Mrs. Hilda Huntington, Den 3. Mrs. Eleanor Bittner has been den mother for Den 1 for quite some time.

Den 2 received the attendance award for having the most parents represented.

All three dens were tied for Den exhibit award. Next month the parents will be asked to assist in the judging.

Dave Hartwig was awarded his Lion Badge, gold and silver arrows; Bill Wismer, his gold and silver arrows; Bob Wismer his Wolf badge, gold and silver arrows and a one year pin. Phillip DuMollo received a one year pin.

Bill Richardson, Associate District Scout Executive, presented the awards and participated in the candle light induction ceremonies at Cub Scout Pack 84's meeting last Thursday.

Topics for Today's Women

"GHOULIE" is one of the puppets who will delight children at the puppet show Saturday at the PM&L Theater.

Puppet Show At PM&L This Sat.

Kent More, former New York actor and puppeteer, who will be "behind the scenes" when the puppet show is presented at the Palatte, Masque & Lyre Theatre on Saturday, April 10, entered his profession by answering a want ad.

A former graduate student at Northwestern University,

Where The Boys Are

FIRST MARINE BRIGADE AT SEA (FHTNC) March 22 Marine Private First Class C. Odum, son of Mr. and Mrs. Carlos M. Odum, 422 Orchard St., Antioch, Ill., is serving with the First Marine Brigade, which recently departed its home base in Hawaii for duty in the Far East.

The First Marine Brigade is one of our country's unique fighting units. It is the only combat unit in the world in which air and land elements live and work together under the same roof, and is under the control of a single tactical commander.

FIRST MARINE BRIGADE AT SEA (FHTNC) March 22 Marine Private First Class J. LaFlamme, Jr., son of Mr. and Mrs. Arthur J. LaFlamme, Sr. of Route 3, Antioch, is serving with the First Marine Brigade, which recently departed its home base in Hawaii for duty in the Far East.

OPERATION TEE SHOT (FHTNC) April 5—Aviation Machinist's Mate Airman Nicholas W. Ream, USN, son of Mr. and Mrs. Nicholas F. Ream of Route 5, Antioch, is serving with Patrol Squadron 50, taking part in the U. S. First Fleet training operation "Tee Shot" being conducted off the coast of Southern California April 3-8.

Operation "Tee Shot" is designed to increase the readiness of First Fleet units in strike, anti-aircraft and anti-submarine warfare. Twenty surface ships, one submarine and several Naval air units of the Pacific Fleet are participating in the exercise.

VICTORVILLE, Calif.—Edward J. Mueller, son of Mrs. Daisy M. Mueller of Rt. 1, Salem, Wis., has been promoted to senior master sergeant in the U.S. Air Force. Sergeant Mueller is a manpower management superintendent at the Tactical Air Command's (TAC) George AFB, California. TAC provides firepower and other air support to U. S. Army forces.

The sergeant, a graduate of Schurz High School, Chicago, attended Wright Junior College, also in Chicago. He is married to the former Kinne Imabayashi of Rt. 1, Salem.

where he won the University Acting award in 1946. Mr. More had never seen a puppet show when he got his first job with a puppet company.

"I'd been reading the 'No Casting Today' signs along Broadway for weeks," he recalls, "when I happened upon an ad in the Times that read, 'Actor wanted. Versatility required. Apply to So I auditioned for the job and turned on all the versatility I could muster.'"

A veteran on low-budget shows, Mr. More's rather precarious livelihood had depended on his being able to do a wide variety of voices on a single show.

"I gave them as many as ten characters for one paycheck," he recalls. "I had a slogan: 'It costs less to use More.'"

Mr. More's display of versatility—which consisted of doing some 37 different voices before his prospective employer could catch her breath—got him the job. He was given a puppet and told to practice with it before a mirror, and to return for rehearsals in a week.

That was in 1940. Except for three and a half years in the Seabees and a year and a half at Northwestern University working on his Master's, he has been in puppetry ever since, as well as working as an actor in television, films and on stage. He has appeared in productions at Candelight Dinner Playhouse, Shady Lane, Gary Dinner Playhouse and Music Theatre.

A "Double Feature" has been scheduled for the 2:30 matinee Saturday. "Ghoulie at the Circus" and "Punch and Judy" promise to delight children of all ages. Tickets may be purchased by calling Vivian Mapletorpe 395-3611, or at the box office.

Channel Lake News

By Louise Gutowski 395-1317

Saturday, April 10, voters will go to the polls to vote to fill the vacancies on the Antioch Grade School and High School Boards of Education. Running for two of these vacancies are two gentlemen from our own community. They are Richard Harland and Paul 'Dutch' Zeien. Mr. Harland is running for one of the openings on the Antioch Grade School Board and Mr. Zeien for the Antioch Community High School Board.

Both these men have served on the Channel Lake Grade School Board of Education and are ably qualified to serve in these vacancies. Everyone in the community is urged to make a point of getting up to the Antioch Grade School and the High School, Saturday from 12 noon to 7 p.m. and vote. These men need your support.

SIU students in General Studies receive classroom instruction by television in English, health education, geography and speech in 29 classrooms on the Carbonale campus.

Special Meeting of Rainbow Girls

The Antioch Assembly, Order of Rainbow for Girls, will meet on Monday, April 12 at 7 p.m. at the Masonic Temple. Karen J. Jemrich, Worthy Advisor, will preside over the special meeting.

At the last meeting, Bonita Bell was elected to receive the degrees of the order and on the April 12 meeting she will be initiated. Also on this particular evening the Rainbow Girls will entertain the members and officers of the Eastern Star Chapter, the worthy matron and worthy patron as guests in the East and members and officers of the Sequoia Lodge with Mr. Bushnell, worshipful master of the lodge also as guest in the East.

The officers and their mothers will be in charge of the dining room on the meeting night.

Every Rainbow Assembly in the nation should observe on the Sunday nearest April 6, its anniversary. The day should be recognized by attending a church service.

This year Antioch assembly joined the Millburn assembly at the Millburn Congregational church with Rev. Messersmith dedicating an hour service to our Rainbow service. About 50 members were present from Antioch and after the service all the people in attendance were invited to a pot luck lunch which was held at the Masonic basement next to the church.

AARP Offers Services To Sr. Citizens

The formation of Antioch Area Chapter of the American Association of Retired Persons has been announced by John L. Horan, 407 Orchard Street, president of the newly formed chapter.

Antioch Area became the 14th chapter of AARP in Illinois and the 387th in the nation.

The chapter was organized under the supervision of Fred Faassen of 3222 Bethel Boulevard, Zion, volunteer Representative for Illinois. The American Association of Retired Persons is a non-profit, nonpartisan organization of persons age 55 or older—whether retired or not. It is the cooperative enterprise of more than 800,000 mature persons gaining for themselves and their fellow retirees dignity, security, and pride.

Dr. Ethel Percy Andrus, National President of the organization, states, "AARP is the answer for older persons who believe that the way to keep young, maintain independence, and dignity, as they grow older, is through activity, usefulness, and service to others."

Many services that stretch retirement incomes are offered to members: a low-cost, mail order drug service; low-cost group tours of Europe; budget-priced group insurance; and a special hearing aid service. All members receive the magazine Modern Maturity and the News Bulletin, both bi-monthly.

Officers, in addition to John L. Horan, are: Mrs. Harold Jorgensen, Route 5, Box 98, Antioch, vice president; James Kocmoud, Rte. 1, Box 199, Antioch, treasurer; Mrs. Robert E. McAllister, Town Line Road, Lake Villa, corresponding secretary; Mrs. Frank Kennedy, 729 Main Street, Antioch, Recording Secretary.

MOOSE TOPICS

Initiation of new members will be held Saturday, April 10, at the Moose Lodge in Antioch. A dance will follow the initiation.

The next get-together of Antioch Chapter No. 525 will be held Sunday at 4:30 p.m. at Antioch Moose Hall.

April 14 will be the regular meeting and election of officers.

HOSPITAL NOTES Robert Gaston of Highland Avenue was taken to Victory Memorial Hospital Tuesday morning by the Antioch Rescue Squad who administered oxygen because of his difficulty in breathing. His condition is slightly improved today.

American Legion Auxiliary News

By Del Jahnke

The Antioch American Legion Auxiliary will hold its regular meeting on Friday, April 9, at 8 p.m., with Mrs. John L. Horan, President, as the presiding officer. The 10th District Auxiliary officers will be guests of honor.

A program on the Pan-American country of Costa Rica will be presented. The hostesses will be: Chairman, Mrs. Frank Kennedy, Sr.; Mrs. Anton Johnson, Mrs. Anna Cosgrove, Mrs. Margaret Gaston, Mrs. George Sedivec, and Mrs. Thomas Chase.

Mrs. Walter Hills, Membership chairman, states that of March 29th, the Antioch Unit is now 100% in membership.

Mrs. J. L. Horan and Mrs. Alex Hoffman, National Security chairman, attended the State Patriotic Conference on April 1, held at the Pick-Congress Hotel in Chicago. While there, they heard a very informative speech by Mrs. Jane Fiquet Hanna, National Deputy Director of Civil Defense, Washington, D. C. Mrs. Hanna emphasized the necessity for personal involvement in developing protective cover in the community against nuclear attack. She

congratulated the Auxiliary for early recognition of the vital role of civil defense in our national security. Knowing that "people must be convinced that civil defense is sensible, before they will support this program with action," government leadership is stressing the "multiple uses of civil defense today, its peacetime as well as at the wartime utility—and pay-off."

Mrs. Hanna told about and showed a film of a new school in Laredo, Texas, that has incorporated fallout protection. In Laredo's experience, she related that the windowless school costs less than the average school to maintain, attendance records are better, having fewer outside distractions—even the noise of the jet planes from the nearby air base are fairly well screened out—the pupils are doing better work; air conditioning has minimized the hot weather problems, and there hasn't been a single adverse criticism of the facilities since the school opened 14 months ago. Mrs. Hanna concluded her talk by advising the women to take the lead in providing means for survival in their communities in the event of nuclear disaster.

Spring Fashion Show on April 14

Fashions Co-Ordinated, a fashion service, formed by several local young matrons, former models, will present a spring fashion showing at Angel's Restaurant on Wednesday, April 14, at a 12:30 buffet luncheon. The stores exhibiting their spring lines at the show include Gibbs & Jessen, Jayne's, Barnstable's, Lee's of Round Lake, Marie's, Hildebrandt's and the Trooper Shop.

Gloria Davis will narrate and coordinate the show. Some of the models familiar to local residents are Marilyn Sterbenz, Florence Bausek, Sally Mulhern and Eileen Nuytens.

ANTIOCH CHAPTER OF O.E.S. MEETS

Antioch Chapter No. 428, Order of the Eastern Star, held a special meeting Saturday, April 3rd. The occasion was Worthy Matrons and Worthy Patrons' Night.

Worthy Matrons and Worthy Patrons of the surrounding area served as officers for the evening.

Mr. and Mrs. Ted Arnwald, worthy matron and worthy patron of Libertyville chapter, were guest matron and patron.

Miss Harriet Wells, Grand Worthy Advisor of Rainbow for Girls in Illinois, also a member of Antioch chapter, was guest of honor.

Charlotte Read and Elwing Carlsen, worthy matron and worthy patron of Sorosis chapter, were guests in the East.

Deborah Van Patten, guest organist, and Mabel Lou Weber, guest soloist, provided music.

Thelma Anderson took charge of the refreshments for the evening.

At the next stated meeting, April 8, Dorothy Vesely will show slides of her trip to the World's Fair.

Mr. and Mrs. Charles Vesely are worthy matron and worthy patron of the chapter.

AWANA CLUB SLATES SPECIAL PROGRAM

The championship Awana Youth Clubs of the Antioch Evangelical Free Church will present a program at the church Sunday, April 11 at 7 p.m. A trio from the Awana National headquarters in Chicago will be featured.

The club will present a varied program which will portray its activities as well as give a summary of its accomplishments.

The club won a championship at the Olympics in Zion recently. The trophy will be on display.

Visitors and friends are welcome to this program at the church which is located at Tiffany Road and Highway Drive just north of Smart's Country House.

RAINBOW GIRLS TO HOLD BAKE SALE

Mickie Jonas, an officer of Antioch Rainbow Assembly and her mother, Mrs. Robert Jonas will be in charge of a bake sale on April 10. This will be one of Mickie's projects to earn her money for the assembly.

MOTHERS OF TWINS EXCHANGE CLOTHING

Y - Mothers of Twins will hold a clothing and equipment exchange at their meeting on April 16 at 8 p.m. It will be held in the lounge at the Y.W.C.A., 445 N. Genee, Waukegan. All items to be sold should be marked with the owner's name and price.

Refreshments will be served. Hostesses for the evening will be Mrs. Robert Rozhon, Mrs. Tom McGrath, and Mrs. John Franz. For more information concerning the club, call Mrs. Kenneth Mattson at 395-0405.

WOMAN'S CLUB TOURS SARA LEE BAKERY

Members and guests of the Antioch Woman's Club enjoyed a luncheon and tour at the Sara Lee Bakeries in Deerfield last Monday afternoon.

A brief business meeting was held and Mrs. Ted Larson appointed a nominating committee of Mesdames William Brook, Clarence Olson, W. W. Turner, Leonard Roblin, William Petty, and James McMillen.

Peace Corps Test April 10

An opportunity for Antioch area residents to test their aptitudes for Peace Corps service will come at 9 a.m., Saturday, April 10, at 325 Washington St., Waukegan.

The opportunity is the Peace Corps Placement Test. It is not passed or failed, but simply indicates where your greatest potential lies. The Peace Corps Questionnaire, which must be filled out and brought to the exam unless previously submitted, tells what an applicant has done in the past. But the placement test is aimed at showing what he or she CAN do in the future. Applicants do not have to register for the test ahead of time.

The Peace Corps Questionnaire can be obtained at all Post Offices. On college campuses, they are available at college placement centers or the offices of Peace Corps liaison officers, who are members of the faculty or college administration. If you can't find a Questionnaire, write the Peace Corps,

Washington, D. C., 20525. Test results are used, with the character references and Questionnaires, to provide the most suitable assignment for Volunteers overseas.

THE ANTIOCH NEWS 4

ALL ABOUT BABIES...

A Public Service of the National Baby Care Council

CARE OF BABY'S FEET

By Dr. Benjamin C. Mullens President American Podiatry Association

Surveys made by the American Podiatry Association in public and private schools reveal that one out of every two children has a foot disability.

Not all of these children have serious disabilities. Enough, however, have foot problems which, if not treated, will lead to chronic foot disorders in adulthood.

A baby's feet are soft and malleable. The 52 bones in his feet are chiefly soft and rubbery cartilage. His feet can be twisted, turned, and bent gradually without difficulty. Yet, lack of intelligent attention now may pave the way for a lifetime of the common American complaint, "My feet are killing me."

It's the wise mother who, despite all temptation, lets her child take his own good time about standing or walking. Generally, children pull themselves upright and take their first steps between nine and 15 months of age. Don't use outside aids such as baby walkers or mother's hand to force him to his feet before he is ready.

A child doesn't need shoes until he begins to stand. At that time they provide him with a stable base, as well as protection. Then, in a completely natural way, they encourage him to walk. His first shoes should be as carefully constructed and fitted as any he will ever have. A baby's feet grow at a surprising rate and outgrown shoes should be promptly replaced.

To insure healthy feet for your child, a few simple precautions should suffice.

Examine your baby's feet regularly. When you give him his daily bath, run your hand gently over the soles and upper part of his feet.

Washington, D. C., 20525.

Test results are used, with the character references and Questionnaires, to provide the most suitable assignment for Volunteers overseas.

WHAT WON'T THEY THINK OF NEXT?

Lisbon, N. D., Gazette: "There is a proposal to levy a tax on advertising. Tax advertising? Well, it could not possibly be that simple."

All advertising? Of course not. State government and its subdivisions would be exempt because any advertising done by the governmental units would be in the nature of conveying information to the public, and therefore exempt.

A sacred principle of our republic is the unrestricted freedom of speech, religion and press. In truth, legitimate advertising gives vent to all these freedoms."

Most cases of rheumatic fever, frequently a forerunner of rheumatic heart disease and once a major enemy of children, can now be prevented, according to your Heart Association.

CHILD BIRTH SENSATIONAL FILM

An outstanding film prepared for those who desire knowledge on a subject of social and medical significance.

DELIVERY BY NATURAL CHILD BIRTH

100 ft. 8mm B&W. Send \$4.95 to NATIONAL STUDIOS, Box 1294, San Francisco, California.

RUMMAGE AND BAKE SALE

Sponsored by EMMONS GRADE SCHOOL

SATURDAY, APRIL 10th

9 a.m. until 3:30 p.m.

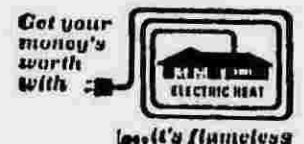

Mr. and Mrs. John Meske of Mt. Prospect, Illinois, with their two daughters, Jody, 8 and Gail, 13.

"We've had electric heat 3 years-for comfort and economy you couldn't want anything better"...report Mr. and Mrs. John Meske

"In our home, the bedrooms, living room—dining room, bath and kitchen, are all good-sized rooms. Last year, with electric heat, we paid only \$175 to heat our 5-room home. And electric heat is so clean. In the three years we've lived here, we haven't had to buy a can of paint or even wash the walls."

What's more, like the Meskes, you'll find electric heat has a lot of other outstanding advantages. For example, it's 100% efficient, no heat is lost up the chimney. Each room has its own individual thermostat. You can set the temperature at 80° in the bathroom, 72° in the living room, 65° in the bedroom, all at the same time. Electric heat rates have been cut 50% since 1958. Get the facts on electric heat. Call your nearest Public Service Company Office for details, today. © C. E. Co.

On Drive-Ups

RESCUE SQUAD CAPTAIN ERNEST WESTLUND, Fire Chief Edgar Simonsen, Postmaster Roy Kufalk and Cancer Chairman Ed Jahneke (standing) and Mayor Murrill Cunningham were present at ceremonies at the Antioch Post Office last Thursday when the first Cancer Stamp was affixed to the proclamation declaring April Cancer Fund Month.

Issue New Stamp For Cancer Drive

April is Crusade Against Cancer month. The Cancer Crusade opened on April 1 with ceremonies introducing the new five commemorative postage stamp designed for the Crusade.

Ceremonies were held at the White House in Washington and in local postoffices. In Antioch, Postmaster Roy Kufalk cancelled the first four cancer stamps and affixed them to a certificate which he presented to Antioch Cancer Crusade Chair-

DEATH NOTICES

JOSEPHINE H. ELWART
Mrs. Josephine H. Elwart, 77 years old of Voltz Lake, Wis., north of Antioch, passed away at 8:30 p.m. on Sunday, April 4, at Victory Memorial Hospital after a lingering illness. She was born April 14, 1887 in Chicago, and resided there until moving to Voltz Lake 40 years ago. Josephine Knast married Jules Elwart on Nov. 30, 1909 in Chicago. She is survived by her husband, Jules, one son, Harold G. Elwart, Chicago, and one grandchild.

Funeral services were held at 1:30 p.m. Wednesday at the Strang Funeral Home in Antioch. Rev. Wilton Anderson of St. Stephan Lutheran Church in Antioch officiated at the service. Interment was in Liberty Cemetery north of Antioch.

MRS. JULIA MALLAK
Mrs. Julia Mallak, 79 years old of Beachwood Subdivision at Petite Lake, near Antioch, passed away at 10:45 p.m. on Thursday, April 1, 1965 at Victory Memorial Hospital after a 6 month illness. She was born June 13, 1885 in Chicago and resided there until moving to Antioch in 1948.

She married John Mallak on June 9, 1902 in Chicago. She held membership in St. Peter's Church and the Altar and Rosary Society of that church. She was a member of Camp No. 7962 of the Royal Neighbors of America in Chicago.

Survivors are the husband, John Mallak, a daughter, Mrs. Marie Novak, Antioch; two sons, Henry G. and Joseph W. both of Chicago; one brother, Frank Click, Chicago; 13 grandchildren and 23 great-grandchildren.

Funeral mass was held at 10:00 a.m. Monday at St. Peter's Church in Antioch. Interment was in Mt. Carmel Cemetery at Antioch. Friends called at the Strang Funeral Home in Antioch after 3:00 p.m. Saturday until time of services. Prayers were recited at 8:00 p.m. on Sunday at the funeral home.

MABEL F. WEBER
Mrs. Mabel F. Weber of Sunset Ridge Subdivision near Antioch passed away on Wednesday, April 7 at 4:20 a.m. in Victory Memorial Hospital after a lingering illness. She was born and lived in Chicago until moving to Antioch in 1955. She is a member of the Grand Cross of Colors of the Rainbow for Girls at Antioch. She is a member and past matron of Antioch Chapter Order of the Eastern Star No. 428, holds membership in the Antioch Assembly of the First Church of Christ Scientist. Mrs. Weber was preceded in death by her husband Joseph P. Weber on January 15, 1954, and one brother, Thomas Baldwin, in 1950.

Survivors are one daughter, Mrs. Emil (Phyllis) Kapschke, Antioch, one sister, Mrs. Muriel Fitch, Chicago; two brothers, Walter Baldwin, Elgin, and John L. Baldwin, Elgin, and two grandchildren.

Funeral services will be held at 11 a.m. Friday at the Strang Funeral Home in Antioch. Antioch Chapter No. 428 Order of the Eastern Star will hold a service at 9 p.m. Thursday at the funeral home. Mrs. Margaret K. McNamara will officiate at the services on Friday. Interment will be in Acacia Park Cemetery at Chicago. Friends may call at the funeral home after 1:30 p.m. today (Thursday).

Scuba Divers Sound Warning—Keep Kids Off Ice In Spring

CRAIG ALDERTON is in the water in this picture, with Ralph Gressens (kneeling) and standing, left to right, Jim Kern, John Brandt, Bob Thimmes, Bob Samuelson, Jack Flores and Rick Kendra. The Century Club members made an "ice dive" to warn children against unsafe ice.

RALPH GRESENS (left) and Jack Flores, scuba divers, prepare to slip into the water of Millmore Lake. Other divers in the club, Craig Alderton, Bob Thimmes and Rick Kendra, hold lines attached to the divers to make sure they can find their way back to the hole in the ice.

RALPH GRESENS and Jack Flores are ready to submerge in this picture.

Mothers, warn your children! The ice in the many lakes and channels in this area is getting to the point where a warm day or rain will make it unsafe.

That's the message from the Century Club of Lake County, a club of scuba divers. They dramatized their message to Lake County parents by making an ice dive Sunday, March 23, in Millmore Lake.

Ralph Gressens, Antioch, and Jack Flores, Gurnee, made the dives, aided by fellow members of the club. A hole was chipped in the ice, and the men, in full gear, entered the water. Lines, held by their fellow club members, were attached to them, to guide them back to the hole and insure that they would not be lost under the ice.

"We found the ice 8 to 10 inches thick," Ralph said. "It's beginning to melt at the shore line, and a few days at present temperature or a warm rain can make it unsafe. Pieces will begin to break off at the shore line. The sun is warming this time of year, and the ice can get rotten in a hurry."

The Century Club has a good reason for warning people of the dangers of breaking through the ice—some of their members serve on a recovery team. They have been called to help recover bodies by Fox Lake, Lake Villa and Des Plaines police. Two years ago they helped in the recovery work when a plane crashed at take-off at a Chicago airport.

They hope, too, that their "ice dive" will help to publicize a movie they are presenting on May 1 at the Lake Villa Grade School at 8 p.m. The movie, "The Silent World," is by Jacques-Yves Costeau, a sound and color film of underwater photography.

The best and most thorough method," Ralph said, "is with the bar. A bar is attached to a boat, and dropped to the bottom of the water. A diver is stationed every five feet to search the bottom as the boat proceeds. The men at each end of the bar drop markers as they go so that we know which area we've covered. In murky water, the men run their hands along the bottom as they search. It's possible to cover a lot of territory thoroughly in less time than dragging."

"This method of recovery spares the family some mental anguish, too," Ralph said, "because hooks are not used."

The scuba divers club was not organized with the recovery work in mind, of course. It's just a natural offshoot of a sport they took up for pleasure. Ralph and Jean Gressens, his wife, are both scuba divers. They recently returned from a trip to the Virgin Islands, where they spent hours photographing underwater life. The club members exchange films and show some at their meetings. Women can't belong to the Century Club, but most of the wives of members dive, too. The list of members includes Townsend Barlow, Antioch; Ralph Gressens, Antioch; Craig Alderton, Art Dadd, Bob Evans, Dick Franzen, Gordon Severson, Bob Samuelson and John Schneider, Jr., all of Lake Villa; Tom Barlow, Jim Kern and Terry Rockenbach of Grayslake; John Brandt, Ingleside; Dean Penble, Round Lake; Roland Topek, Waukegan; Jack Flores, Gurnee; Fred Gscheider, McHenry; Rick Kendra, Long Lake; and Bob Thimmes, Antioch.

The divers in the club also teach the sport to people

wanting to learn in a six-week course. It includes the medical and physical aspects of diving, so that a beginner will know what to expect or avoid, and finishes with a strict test. Some of the newcomers now studying are Arthur and Betty Melord and Mrs. Boyd Osmond. "We live in local lakes early in the spring," Ralph said, "before the water gets murky. Lake Geneva's fine, of course—and we travel to various lakes in Wisconsin. We have a night dive every Thursday night in the summer in Rock Lake—do you know there are two freight cars in the bottom of Rock Lake?"

"It's fascinating, some of the stuff you see on the bottom. Wrecks, in some places, of course. Anchors without number. Jean usually seems to find a coin or two—a quarter or half dollar. One of the members even found a five dollar bill."

"When motors sink they go down into the mud and disappear. If we look for them right away you can locate them by a crater-like depression. You see, the bottom's like a green blotter, and when a hole's broken through it, it shows."

"We photograph fish, other things, depending on

where you are. There were beautiful coral reefs in the Virgin Islands. It's quite an art, underwater photography. Costeau, who filmed "The Silent World," invented the aqua lung. I understand the film's beautiful and built around a story. It's in such demand that we had to wait months to get it. I'm sure people will enjoy it even if they aren't divers," Ralph ended.

The heart and blood vessel diseases account for 54 per cent of all U. S. deaths and are the nation's Number One health enemy, according to your Heart Association.

Red Cross Reaches Half-Way Mark

The annual Red Cross Drive for funds in Lake County approached the half-way mark last week, James Hotham, Fund Chairman, announced.

"As of noon Monday," Hotham reported, "we have collected \$58,950. Our goal is \$121,310."

He emphasized that the amount to date represents specific donations received and does not include the pledges which may be forthcoming.

Hotham met with community chairmen and other volunteer workers at a luncheon meeting in the Lake County Regional Office in Waukegan.

He asked that business and industrial leaders who have

THE ANTIOCH NEWS 6

not already received Spillators' Kits, contact the Red Cross Headquarters (ON 2-4044).

"The campaign is being conducted primarily through places of employment and thus the full cooperation of employers is necessary to insure the campaign's success," Hotham said.

Over 400 volunteer workers are participating in the Red Cross effort in Lake County to raise funds and sign up new members for the organization's various community services.

Celebrate Birthday Of Salvation Army Founder

April 10 will mark the birthday of one of the world's great social planners—William Booth, who at 36 founded The Salvation Army in London's East End.

This year the Army is celebrating the 100th anniversary of its founding. From its small beginning in 1865, the Army now includes 20,000 religious and social welfare centers in 71 countries and territories around the world.

Booth wanted the Army to startle, stir and spark world attention. He exhorted it to remain basic, dedicated, different and stimulating. His book, "In Darkest England," is out of print today. But when it was first published in London in 1890, it contained the most progressive social thinking of the nineteenth century.

Here for the first time, alcoholism was recognized as a disease. Here for the first time it was suggested that soup kitchens be established for the hungry, that there be shelters provided for the homeless. This was the thinking of a social pioneer, and Booth's plans and ideas became the pattern for modern day social work, his book a text for schools of social work.

Through the work of The Salvation Army which he led so ably, Booth saw the despair and degradation of the poor every day. He saw the men who slept under London bridge for most of their lives, because they had no place else. He saw men turn to crime, women to prostitution, to get money for bread. He saw people treat-

Begin Class For Radiation Monitoring

Registrations are being accepted for a course in Radiological Monitoring to start at 7:30 p.m. Monday, April 12, at the Antioch Fire Station.

Civil Defense Director John Dupre received the monitoring equipment as part of the necessary supplies for the Civil Defense shelter in the basement of the Antioch High School. The equipment will test for radiation leaks in the walls, can test anything brought into the shelter for radiation, or determine when radiation in the outside atmosphere is at a safe level.

Each week's lesson will last about two hours, and the course will run for eight weeks. Anyone 18 years old or older may join the class. Women are invited to participate.

There is a charge of \$1.00 per person, refunded to all who complete the course and receive a diploma. Twenty persons are needed to start the course.

A Shelter Management course will also be started as soon as possible. Registrations for both classes are being accepted now. To enroll call either John Dupre at 395-0314 or Assistant Director Edward Frazier at 395-0403.

Antioch Students To Be on TV Show, "It's Academic"

Three students from Antioch Community High School will compete on the TV show, "It's Academic," on Saturday night, April 10, at 6 p.m.

The three students participating are Alan Brandenburg, Michael McConahay and James Steffenburg.

The show was taped on March 12, with Antioch competing against Madonna High School, Aurora, and Main South. Lucien McLean, faculty sponsor of the group, said that Antioch High had the best showing, spectator-wise, at the studio. A bus load of Antioch students, plus several parents, were present.

Antioch High received a \$25 Saving Bond for their part in the show, although they were not winners. The money is usually used to buy something for the school library.

"Our students did fine in answering the questions," Mr. McLean said. "But they lost in the Grab Bag portion. Main South was quicker pressing the buzzer."

ed in a way the laws of the time would not have allowed a cab horse to be treated.

To dramatize the horror of the situation and awaken public opinion, Booth demanded a "cab horse charter for the poor. He demanded that they, like the cab horse, be guaranteed a shelter for the night, food and allotted work. He asked that these people, like the cab horses, be helped to their feet when they fell, even though they fell through their own fault.

He planned the establishment of "refuges for children of the streets," the forerunners of the modern day nurseries. He wanted the children of working mothers to be taken care of, not left to wander the streets.

He described "industrial settlements, or suburban villages" which have materialized in the creation of the modern housing projects. He decried the overcrowding in which the poor lived, and correctly saw this circumstance as the cause of "an endless succession of terrible evils."

He pleaded for an expansion of the educational opportunities afforded the children of the poor. He asked that they be given more than a knowledge of the ABC's, that they be truly educated to know their latent capacities, to make them capable to discharge the duties of citizenship. He was one of the first men in all the world to sense this fundamental educational lack.

He pleaded the cause of the alcoholic, planned "homes" for these unfortunate who needed help to overcome their "disease." He recommended probation for "first offenders" who appeared in the courts, to save them from "the contamination of prison life." He planned a program for released prisoners, to give them the help and encouragement they needed; he demanded that they be taught a trade if they had none.

Many of Booth's social dreams were brought to reality by his own Salvation Army. Others were to become "the law of the land" in a more enlightened age, an age that had at last caught up with the thinking and planning of William Booth.

Oakwood Knolls....

(Continued from page 1)

Antioch at present. Mr. Bazar feels that there are many sewer problems in the village as a whole, which could and should be solved. As a member of the board, he says, this would be one of his chief concerns.

He also feels that street maintenance throughout the village is in need of attention. He points out that storm sewers under roads in Oakwood Knolls were taken out when sewer lines were installed and never replaced. This has created flooding and road problems in the subdivision. However, he emphasizes, as a member of the village board he would be concerned with road problems throughout the village, not just in Oakwood Knolls.

Eugene Lusiak, 350 Oakwood Drive, is a candidate on the Independent slate for village trustee. He's 43 years of age. He and his wife, Annetta, have a daughter, Kathleen, 18 years old, and a son, Martin, 14 years old.

Lusiak is an electronics engineer with the Central Service in Chicago. He has lived in Antioch for three years. He was born in New York, and was active in political work in his youth in that state, but has never before been a candidate himself.

Mr. Lusiak served in the Army from 1940 through 1945, first in the Infantry, then in the Medical Corps. Mr. Lusiak feels that Oakwood Knolls should have representation on the village board. There are a lot of improvements in Antioch in general that he would like to see and would work for, he says.

Say, driver, where you heading for
In such an awful rush?
Now take it slow on ice or snow
Or even just in slush.

You can't stop quick when streets are slick,
So speed you'd better shun,
Or you'll be heading for some sleddin'
—Brother, that's no fun!

Building and Police...

(Continued from page 1)

ment officials are having a problem with teenagers who do not pay their fines. The youthful offenders, he said, plead guilty, are fined by the judge, but gain a continuance of their case on the grounds that they don't have the money. They then gain repeated continuances.

He asked that the village board draw up an ordinance which would permit the village to put these youngsters, and non-paying vandals, to work. There are many jobs in the village, he pointed out, where their work would be of value to the village.

Heick said he felt the system would prove a real deterrent to repeat offenders. It is being used, with excellent success, he pointed out, in Fox Lake, Grayslake and Woodstock.

Heick also asked the cooperation of the board in publicizing names of repeat juvenile offenders and their parents. He had no wish, he said, to injure young people who might once get into a scrape with the law, but a real problem is developing with youngsters who are repeatedly breaking the law.

The practice of publicizing the names of the parents, as well as the youngsters, has been found extremely helpful elsewhere, Heick pointed out.

The board approved a motion to instruct the village attorney to draw up an ordinance providing for those who cannot pay fines to work them off, the ordinance to be presented at a special meeting of the full board.

Judges of election for the coming village election were appointed by the board. Those appointed were Mrs. John Horan, Mrs. Joe Sternbenz, Mrs. Harold Ellis, Mrs. Emil Ehnert, and Mrs. Edward Frazier, with Mrs. Donald Gaa as alternate.

Chamber Plans...

(Continued from page 1)

to the different customs and understand them. Consequently, they took back reports to their country that were critical of America.

High school students, now sent here by AFS, said Masaji, live with American families, and come to know and understand our ways, and are able to tell friends at home that Americans are not always as they think.

Asked by a member to give an example of a belief that he had formed in his own country, that he had found wrong since he lived here, Masaji replied that the civil rights issue was misunderstood in Japan. From reports on TV, radio and newspapers, he said, they are convinced that American whites are brutal to Negroes, and the Japanese feel this is wrong. Since living here, he said, he has discovered that most Americans also feel this is wrong.

Masaji answered many questions from the audience. At the conclusion of his speech, the proposed amendment was read, ending monthly meetings and instituting a schedule of three or four meetings a year. Objections to the proposal were voiced by Nick Badame, Fred Walpole and others, and the amendment was rejected.

Report Sales Tax For 3-Month Period

City sales taxes collected in November 1964 on October 1964 tax liability grossed \$6,171,709 and county sales taxes for the same period grossed \$413,116, the Illinois Department of Revenue has reported.

The amount collected in Lake county in this period was \$14,833.67. Antioch collected \$5,689.10 in the October period.

City sales taxes in the state collected in December 1964 on November 1964 tax liability grossed \$6,109,648 and county sales taxes for the same period grossed \$383,366, the Illinois Department of Revenue reported.

The Lake County collection for this period amounted to \$13,114.67. The village of Antioch reported \$5,013.28 collected.

City sales taxes collected in January 1965 on December 1964 tax liability grossed \$8,541,015 and county sales taxes for the same period grossed \$523,211, the Illinois Dept. of Revenue reported.

Lake County Sales Tax collection for this period amounted to \$18,789.67. Antioch sales tax amounted to \$6,999.66.

Illinois Bell Cuts Rates

Lower rates for many long distance telephone calls went into effect Thursday, April 1. This is the second reduction in telephone rates in two months; the first one went into effect Feb. 1.

Richard Miller, Illinois Bell Telephone Company Manager, said the April 1 cuts, ranging from five to 20 cents for the first three minutes, will be made on all daytime "station" calls of 601 or more miles, which cross state lines. These rates also apply on calls between 4:30 a.m. and 6 p.m. Monday through Friday. The maximum rate for a 3-minute station call between Antioch and anywhere in the United States (except Alaska and Hawaii) has been reduced from \$2.10 to \$1.90.

Here are some examples of the April 1 reductions from Antioch:

To Los Angeles, from \$1.95 to \$1.80; Miami, from \$1.70 to \$1.60; New York, from \$1.45 to \$1.40; Tucson, Ariz., from \$1.80 to \$1.70; Dallas, from \$1.50 to \$1.45. Reductions in some overtime charges also are being made.

The February 1 and April 1 cuts, totaling \$100 million were announced last November by the Federal Communications Commission. The two reductions mean a saving to telephone customers in Illinois Bell territory of more than \$7 million a year—about \$1,750,000 of which result from the April 1 reductions.

All Interest Income Must Be Reported On Income Tax

Interest you received, or which was available to you during 1964, must be reported on your Federal income tax return, E. C. Coyle, Jr., Director of Internal Revenue of the Chicago District, said today.

You must report interest on savings when credited to your account, even though it is not entered in your passbook, interest on bonds, loans, mortgages, refunds of taxes, and interest on GI insurance dividends left on deposit with the V.A. You may elect to report the increment in value of your Series E, F, and J United States Savings Bonds each year or you may defer reporting the interest until the bonds mature or are cashed, in which case you report the total increment then.

Income, sometimes called dividends, on deposits or shares of building and loan associations, savings and loan associations, credit unions, mutual and cooperative savings banks is also taxable as interest.

Interest on state and municipal obligations is wholly exempt from tax.

Document No. 5448 which furnishes more detailed information on this subject is available upon request from the Internal Revenue Service.

ASA Looking For Young Men

Sgt. Arthur R. Nelson, the local Army representative, announced today that the Army Security Agency is looking for responsible young men who wish to be a member of this elite organization.

Sgt. Nelson states that the ASA offers opportunities for schooling and experience in various languages, mathematics, physics, electronics, and automatic data processing. Assignments and training are also available in the areas of personnel administration, intelligence, security, operations and training, and supply.

Wouldn't you like to get the training and experience available in the Army Security Agency? Contact Sgt. Nelson at his office located at 620½ Washington Street in Waukegan, or phone him at ON 2-5280 today. See if you can qualify for ASA without any obligation to enlist. A written contract accompanies this and all other enlistment options in the Regular Army.

Antioch sales tax amounted to \$6,999.66. For the December period, Fox Lake collected \$8,512.55. For November, Fox Lake collected \$5,898.85, and in October \$6,835.97.

Court Cases Up To Date, Says Powell

Springfield, Ill.—Secretary of State Paul Powell has announced that a backlog of unprocessed conviction reports for traffic law violations, which had built up last year as the result of the effects of the new Judicial Article, has been eliminated despite the fact that reports are being received in steadily increasing numbers.

The Drivers License Division is now operating on a day-to-day basis, processing all conviction reports on the day they are received, Mr. Powell said. At one point, the backlog amounted to 45,000, he said.

In 1964, the number of conviction reports submitted by courts throughout the state rose to 1,148,240; an increase of 161,422 over 1963, and with the month of March having a few days to go, the total so far this year is 273,057—an increase of 28,619 over the full three-month period of 1964, Secretary Powell said.

When the new Judicial Article to the Illinois Constitution became effective January 1, 1964, it was anticipated that there would be an increase in the number of reports submitted by courts, but there was no way of estimating its volume, and as a result a backlog quickly built up while procedures were being set up to handle the heavy increase in the Division's work load, Mr. Powell said.

Sheahan Is Active In Safety Comm.

William G. Sheahan, Highland Park, makes the well-being of his fellow men his personal concern.

The Lake County Safety Commission is the type of organization where he can get to the root of many problems which affect the citizens in this county.

By taking an active part in the programs of the Commission, he is able to accomplish quite a lot in making Lake County a safer place in which to live.

Mr. Sheahan was appointed, by the County Board of Supervisors, as a Commissioner in September, 1964. Sheriff Larson, Commission Chairman, placed him on the Enforcement Committee and Statistics Committee.

He is a member of the American Legion, Elks and Lions Club. A successful entrepreneur, he owns and manages a building material firm in Highland Park where he lives.

Having been with the organization for only a very short time, Mr. Sheahan is continuously increasing his knowledge of the objectives and functions of the Commission, and is very eager to get the ball rolling in the right direction in order to achieve purpose.

NI-Gas Announces Cut In Rates

Northern Illinois Gas Company on April 1 announced a \$7.2 million rate reduction—the largest single rate cut in its history.

The largest cut is the company's sixth major reduction since 1962, bringing the utility's three-year reduction total to about \$20 million annually.

The Illinois Commerce Commission, headed by James W. Karber, authorized the rate reduction after joint studies by the Commission and the company.

President Marvin Chandler said the new lower rates are effective immediately and will benefit about 670,000 residential, commercial and industrial customers. Chandler said the latest cut was made possible by the company's continuing success in increasing the efficiency of its operations and the volume of its business.

Land Bank Sells New Loan Record

An all-time high for new loans closed by The Federal Land Bank of St. Louis for any single month was set last month, according to President Ralph E. Nowlan. The Federal Land Bank operates through local Federal Land Bank associations in Missouri, Illinois and Arkansas. "New money loaned in March amounted to \$11,467,020," Nowlan said. "This is the highest month we have ever had since the bank was organized in 1917."

Award Grant To Teacher

Mr. Philip Leland Glatz, a member of the Mathematics Department of Antioch Community High School, has been awarded a grant in the amount of \$3000 by the University of South Carolina to attend the University's Academic Year Institute for high school teachers of mathematics, according to an announcement by Dr. W. L. Williams, Institute Director. An allowance is also provided for travel, dependents, and textbooks.

The institute, made possible by a grant from the National Science Foundation, will run through the academic year, beginning in September. Its purpose is to provide teachers with an opportunity to improve their subject matter competence, to gain a better understanding of some of the modern and basic concepts of mathematics, to increase their skills as teachers, and to strengthen their ability to inspire their students to choose careers in mathematics.

Dr. Williams stated that approximately 250 applications were received and that Mr. Glatz was one of the 30 applicants who was accepted.

Central High Students Win Prizes

Linda Schenning, daughter of Mr. and Mrs. Rodell Schenning, and Hazel Dabbs, daughter of Mr. and Mrs. Clarence Dabbs, were two of 50 winners in Scholastic Magazine contest for a theme relating to two pictures published in that magazine.

Linda wrote on the thoughts of a Negro girl as she gazed out a window. Hazel's theme centered around a picture depicting a similar situation. Civil rights was the subject being studied in the history class at the time.

Each girl will receive a book as a reward, according to Miss Ruth Leefink, history teacher, who submitted the papers for judging. Students from the entire United States entered the contest.

Blind Association To Meet April 11

The regular meeting of the Lake County Blind Association will be held in the lounge of the Federated Church of Wauconda, on Route 59 near Route 12, at 3 p.m. Sunday, April 11.

After a short business meeting a box social will be held. All blind and partially blind are invited to the meeting.

Death Rate Up In Small Cars

Traffic fatalities involving occupants of small or compact autos on Illinois highways have increased more than 200% during the last four years, compared with a one per cent drop for all other types of vehicles, according to Francis S. Lorenz, director of Public Works and Buildings.

A study by the Division of Highways shows the driver death rate per 10,000 registered compact cars was nearly two and one-half times greater than for other passenger vehicles, Lorenz said, and the passenger fatality toll almost doubled.

"Small cars have the attraction of lower initial cost and economy of operation, compared with larger types. These advantages, however, have nothing to do with safe operation. The small car, as opposed to larger and heavier vehicles, has certain disadvantages that must be offset by the skill of the driver, his knowledge of its capabilities and method of handling to be assured of a reasonable amount of safety."

Central High School Has Science Fair

Winners in the Science Fair recently held at Central High School were announced as follows: Math exhibits, Kenny Johnson and David Hewitt; physics experiment, Susan Meier and Barbara Sullivan; physics exhibit, Ronald Schulz and William Orth; Chemistry exhibit, Judy Westman; Biology exhibit, Sharon Fox; Biology experiment, George Langguth and David Davis; Chemistry experiments, Ken Johnson; General Science, Cheryl Winfield and Carol Molini.

Science Club winners, \$100 bond, Ken Johnson; \$50 bond, Bill Orth, and \$50 bond Susan Meier and Barbara Sullivan.

Robin Risks April Fooling To Be First Spring Bird

C. D. Sullivan of Rt. 1, Antioch, reports the first robin of spring in his yard last Thursday morning, April 1. At least it's the first one we've heard about.

Mr. Sullivan has two bird-feeding stations in his yard and reports that two pair of cardinals brightened their yard all winter, in addition to the usual miscellaneous assortment of blackbirds, sparrows, etc.

The American Heart Association and its affiliates have channeled about 100 million Heart Fund dollars into research since the first Heart Fund Campaign in 1949.

Attend Credit Conference

John Fields and Preston Reckers, Jr., officers of the State Bank of Antioch, attended the National Installment Credit Conference sponsored by the American Bankers' Association at the Conrad Hilton Hotel in Chicago on March 29, 30, and 31.

Over 2000 bankers from all parts of the country heard the forecasts and analyses of business and credit demands given by outstanding authorities in banking and industry. All phases of installment credit were reviewed to formulate sound credit policies and practices.

An illustrated presentation on advertising and marketing also proved to be particularly interesting to the bankers.

Takes Over Antioch Liquor Store

Helen L. Cardinale took over as proprietor of the Antioch Liquor Store at 890 Main St., on April 1.

The business will continue to operate under its former name, Mrs. Cardinale said. Mr. and Mrs. Cardinale are from Chicago and are temporarily living at 915 Main Street.

Weather Delays Opener Of Baseball Season

Coach Bruce Stahmer released the baseball schedule for the 1965 season this week. If field conditions permit, the Sequoits will play Warren in a double header Saturday, April 10, at Gurnee, to open their season. A game against Grant scheduled for the 6th has already been postponed.

Stahmer will be forming his team with a nucleus of 6 lettermen, all seniors. Bernie Smith heads the list and will play first base and the outfield, alternating with Wayne Sanders at these positions.

Bob Lenczewski and Jesse Inman will be his only veterans of mound duty and Terry Schneider will be back

to bolster the infield. Carl Meade rounds out the list of veterans at his position behind the plate.

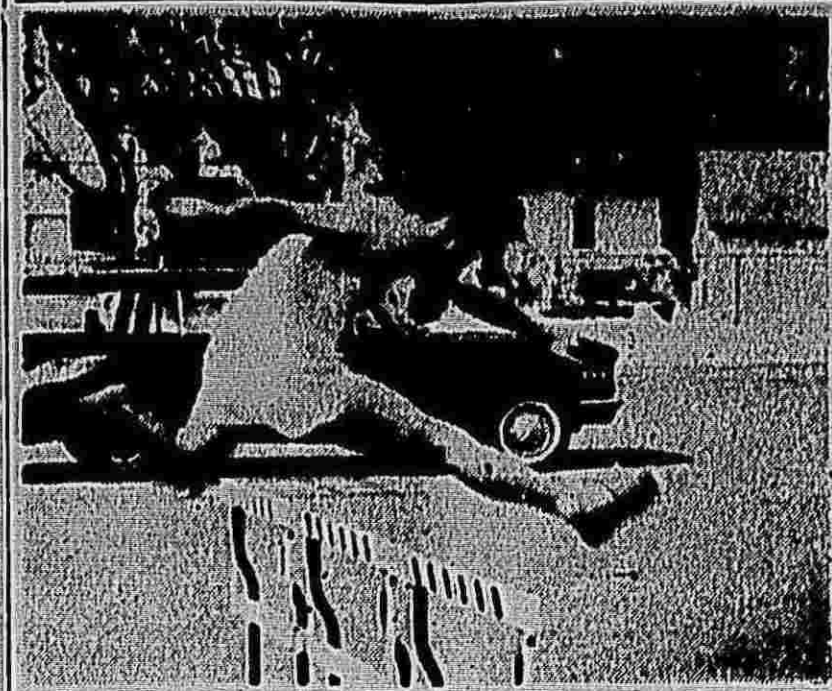

Other seniors on the squad include Rich Mason, pitcher, Mike McConahay, outfielder, and Paul Lindblad, catcher. Juniors on the squad are Rich Albano, Don Carden, Ron Stanek, Don Strang, and Don Mason.

Coach Stahmer is also considering three sophomores for varsity duty. Lenny Clark at first base, Bob Hochmuth, catcher, Marnie Baker, pitcher.

1965 BASEBALL SCHEDULE
Tues., Apr. 6—Grant
Sat., Apr. 10—Warren (2) T

Tues., Apr. 13—Ela
Sat., Apr. 17—Wauconda (2) H
Tues., Apr. 20—Grayslake T
Fri., Apr. 23—Wilmet

Spring Weather Hampers Sequoit Track Practice

In desperation Saturday Coach Roger Andrews took his track charges to the only dry spot in the area—the high school parking lot. Well, at least it was fairly dry. The team competed in an intra-squad meet despite the 35 degree temperature.

Coach Andrews seemed pleased with the way the team is shaping up, considering they haven't been able to hold any outdoor workouts as yet. The Sequoits hope to be in shape for a dual meet at North Chicago today (Thursday).

Running on the blacktop Saturday, Bruce Dalgaard took the high hurdles event over a measured 80 yards in a time of 10.8. Jim Edwards followed with 11.5. Tyrone Walls had the best time for the sophomores with 13.2.

In the 100 yard dash Tom Morgan, Jim Edwards, and Dave Fabry finished one, two, three with times of 10.6, 11 flat and 11.3. Jim Effinger and Martin Swede finished in practically a dead heat in the 800 yard run with times of 2:00.9. The distance was comparable to the half mile because part of the course was uphill.

Tom Morgan went around the measured 400 yard course in 50.4 to win that event followed by Martin Swede and Jim Effinger with 51.3 and 51.8 respectively. Jim Litchfield, a sophomore came right behind them with 52.2.

Dalgaard again topped the list in the 100 yard low hurdles with Jim Edwards and Dave Fabry trailing in the two and three spots. Tom Wojnowiak ran 1600 yards up and down hill in 4:38 to finish well ahead of sophomore Dave Backman.

dash in 17.3 with Edwards again trailing at 18 flat. Walls won the shotput with a tap of 47' 3/4" followed by Bob Flood with 45' 4". Bob Schenk went over the bar at 5'10" to take the high jump.

Announce Driver License Action

Secretary of State Paul Powell has announced the following actions by the Driver's License Division of his office.

Licenses suspended after three violations: William E. Beck, Rt. 5, Box 105, Antioch; Ernest L. Franks, Rt. 4, Box 323, Antioch; Raymond L. Gallagher, 760 Main St., Antioch.

A probationary permit was issued to Bert W. Welmer, 180 Lakewood Drive, Antioch.

MARTIN SWEDE (left) and Jim Effinger come down to the finish of the 800 yard run in a dead heat. The two boys crossed the finish in 2:00.9 for the 800 yards.

Mr. and Mrs. Illinois Fishing Meet Sunday

Weather permitting (i.e., if the ice breaks up) the qualifying round of the Mr. and Mrs. World Series of Fresh Water Fishing will take place on Sunday, April 11, at Channel Lake.

Barney Shunneson, operator of the Channel Lake Boat House, is conducting the one-day fishoff.

Winners of the seven-hour fishoff, lasting from 10 a.m. to 1 p.m. and from 1 p.m. to 6 p.m., will represent Illinois in the U. S. Mr. and Mrs. Fresh Water Fishing later in the month at Bull Shoals, Ark. The winning couple will receive traveling expenses and will be guests of the Bull Shoals Chamber of Commerce during the three-day meet.

All those planning to fish in the event are asked to phone Shunneson on Saturday to find out if lake conditions will allow the contest.

Little League Try-Outs Scheduled

Registration for the Antioch Little League will be accepted at the Scout House between 1 and 4 p.m. on Saturday, April 10, for 9 and 10 year olds. President John W. Warsing has announced. Registrations will also be accepted at the same hours on April 11 for the 11- and 12-year-old boys.

Registrations for the Babe Ruth League may be made either day.

All registrants must be accompanied by parents. The insurance fee of \$2 for Little League and \$4 for Babe Ruth League must accompany the registration.

Tryouts for the Little League will be held at the Little League Park on April 21 at 6 p.m. for 9 and 10 year olds and at 6 p.m. on April 22 for boys 11 and 12 years old.

Tryouts for the Babe Ruth League will be announced later.

There will be an open meeting of the Little League Board at the community room of the Antioch Savings & Loan on April 12 at 7 p.m. Anyone interested in volunteering to help is invited to attend. The public is invited.

Prior to this year, the Mr. and Mrs. World Series was held in October, with the Channel lake preliminaries being held in August. The change to the spring date was made to get in on the best fishing.

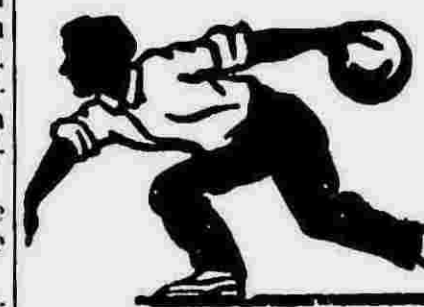

The Illinois Mr. and Mrs. meet will be held again next August and the champions will qualify for the Mr. and Mrs. U. S. tournament in 1966.

Fishing in Sunday's trial will be for black bass, rock bass, warmouth, bluegill, white bass, crappie, sunfish, bullhead and catfish.

Although Sunday's winner will receive the all-expense paid trip, other Mr.-Mrs. couple teams from Illinois wishing to enter the Bull Shoals event, April 23-25, can do so by paying an entry fee. These couples will fish as challengers and must pay all their traveling expenses to and from the meet site as well as room, board, boats while at Bull Shoals.

For entry forms and rules, couples should write to Bull Shoals Chamber of Commerce, Bull Shoals, Ark.

Both live bait and artificial will be allowed. Fishing must be from a boat. And only in the waters and channels of Channel lake and Lake Catherine.

Bowling News

Bi-State League

Thursday, April 1

The scramble for pin barrels still continues as Antioch Bowl Tigers swept 3 from Pasadena Lounge, to stay in contention. Four and a half games behind and 6 games to go, Gino Picchetti (626) and Earl Lowe (610) were the hot shots for the Tigers, with Jerry Ehrhart rolling 596 for Pasadena.

Antioch Lumber, paced by the duo of Ed Slavik and Leroy Gallagher, swamped Weasel's Lounge (Tom Thomley 546), 3 games.

SUPPLIES for the Civil Defense shelter at Antioch High School were delivered last week, and Civil Defense Director and Mayor Murrill Cunningham were present as they were unloaded.

Supplies For Antioch's C.D. Shelter Arrive

After considerable delay, the truckload of supplies for Antioch's Civil Defense shelter at the High School came in Tuesday.

The supplies were delivered by truck from the Rock Island Arsenal. Civil Defense Director John Dupre had been notified that the supplies would arrive about three weeks ago, but shipment was delayed by the unseasonably cold weather. Some of the supplies would be spoiled by freezing.

The supplies include foodstuffs, medical supplies and containers for water. Dupre

Morris Chosen On National Planning B'd

Robert C. Morris, Planning Director of Lake County, has been nominated to serve for one year on the Board of Directors of the newly formed National Association of County Planning Directors.

Mr. Morris was one of the planning executives from across the country chosen to serve on the special committee of the National Association of Counties which met recently in Washington, D. C., to organize the new association. Nominated officers and directors of the new association include planning executives from the states of

Ill. Henning, Tom Homan, Mike Kelly, Larry Burrell, and Roger Brandenburg.

North Carolina, Pennsylvania, Washington, Illinois, California, Arizona, Virginia, Nebraska, Oregon and New York.

The Association was formed to improve county planning throughout the United States, and to provide a forum for the exchange of ideas and experiences of important to county planning directors.

The first annual national meeting of the association will be held in San Diego, Calif., July 11-14, in conjunction with the 30th Annual Conference of the National Association of Counties. Formal election of the officers and director will take place at this time.

Alcohol produces only one form of drunkenness behind the wheel. The Institute for Safer Living says that other forms of "drunken driving" stem from an emotional addiction to speed, horsepower, and a desire to excel or show-off.

In case you didn't know, one fatal inch
can make all the difference between
a short-waisted junior miss figure
and a great one.

That's what Turnabout by
WARNER'S is for.

Lots of girdles give you a long waist. They
also jerk you in, pinch, cinch, curl over on
top. Turnabout* shapes without squeezing.
That doubled waistline slopes you down to a
longer torso; the double nylon front works
on the tummy. 408: S, M, L, White, Black,
Colors, \$10. 10-06 matching bra, A, B, C,

Helen L. Cardinale (41)

CARD OF THANKS

Thank you to all who remembered me with cards, visitations and prayers in the past month while convalescing from surgery.
(41p) Martha Hunter

IN-MEMORIAM

In memory of my Dear Husband, Ed Reynolds, who passed away one year ago. Fifty years a Knight of Columbus.

The tears that dampen my eyes in times of mourning are tears of homesickness, longing for my loved one. Death has been to him an eternal home. Because Heaven is invisible to our worldly eyes, we can not see them near us. Yet they are loving tenderly, waiting for the day when we will go and join him in his eternal home for one he loves.

Mrs. Rose Reynolds
Deep Lake, Lake Villa, Ill.

THE 1950 Antioch High School class is holding its 15th reunion at the Swedish Glee Club in Waukegan, May 1, at 6:30 p.m. There will be a smorgasbord and dancing. \$10 per couple. Also anyone knowing whereabouts of Beverly Baird, Ray Luckel, Donna and Donald Schultz, please write Mrs. Robert January, 1902 Delaware Rd., Waukegan, Ill., 60085. (41)

RUMMAGE SALE

Friday and Saturday, April 9 and 10 - 9 a.m. to 5 p.m. Clothes for all the family, toys, odds and ends. Grass Lake Road, west to Drexel Blvd., Indian Point, Goetz. 395-2468. (41)

CARD OF THANKS

We wish to express our sincere thanks to the many friends and relatives during the loss of our mother, especially to Reverend Cobb, the Organist, Pallbearers, Strang's Funeral Home, the Police Department for escort; for the Cards, Floral Tributes, Memorial Gifts to the Antioch Rescue Squad and Fire Department George Garland Memorial. A deep appreciation for all the food and to Mrs. Otto Hanke who served.

May God Bless you all.
The Family of
Mrs. Maren Simonsen (41p)

Who ever heard of an economy tiger?

You did—just now. It's called the Pontiac Tempest. How can a car that's so stingy with gas shoot the works on performance? Simple. A zippy six that thrives on regular gas is standard equipment. Feel more tigerish and still want regular-gas economy? Pick the big 250-hp V-8 engine. The price? A trifle, as tigers go. Look into it. COME TO TIGER COUNTRY. SEE THE NEW BONNEVILLE, STAR CHIEF, GRAND PRIX, CATALINA, 2+2, LE MANS, GTO AND TEMPEST AT YOUR AUTHORIZED PONTIAC DEALER.
